

Drayton Baseball Diamond

New Sports Lighting:
Integral Driver Assemblies
on Recreational Baseball
Field.

Drayton, ON

Project Summary

Lighting Standard

Class IV

Level of Play

Recreation

Size of Field

280' Radius Diamond

Project Situation

Following the retrofitting of the steel towers in the adjacent field, a decision was made to install sports lights in this field as well. In collaboration with the local municipality and contractor, Spartan Sports Lighting offered a complete solution to illuminate this field for both daytime and nighttime use.
